### LLOYD CONDOR ARRESTED FOR STEALING TEAM OF HORSES.

## ADMITTED TAKING THEM

**From H. K. Russell of Near Bedford—Was Taken to That Place by Sheriff Morley Today.**

Sheriff Ed Wallace arrested at the Ream hotel Wednesday evening Lloyd Condor of Bedford, Ia., who is wanted at that place on a charge of stealing a team from H. K. Russell, ten miles southeast of Bedford, and a buggy and harness from Fred Bowness of near Athelstan, Ia. Sheriff Morley of Bedford notified Wallace that a team had been stolen, and gave a description of the team. Sheriff Wallace located the team at the Star barn on Wednesday and from the description he secured of the man, he located him at the Ream hotel.

Condor is about 21 years, and admitted Thursday in the presence of several that he took the team on Tuesday evening. He drove to Maryville during the night, arriving here at 7 o'clock in the morning. This is his first trouble, it is said, but he does not bear a good name at Bedford.

Sheriff Morley of Bedford and H. K. Russell came to Maryville Thursday morning. Condor was taken to Bedford by Morley on the noon Burlington train today.

### REVIVAL BY YOUNG PEOPLE.

**At Buchanan Street Methodist Church—Two Gospel Teams Have Been Organized.**

Something unusual is being undertaken by the young people of the Buchanan Street Methodist church. It is a revival conducted by young people. They will not employ an evangelist or singer, but will provide their own speakers and choir leader. They will depend for success principally upon personal work. Two gospel teams have been organized, one consisting of twelve men and the other of twelve women. The members of these two teams have pledged themselves to testify, pray in public and do personal work. A number of young converts are on the gospel teams whose zeal is marked. They will be assisted by some of the more experienced Christians among the young people of the church.

The service will begin next Sunday evening and continue for one week at least. By way of preparation for the evangelistic services, a prayer meeting was held Tuesday evening in the church. It was well attended and the power of the Holy Spirit was present in an unusual degree. Another prayer meeting was held Wednesday evening and took the place of the regular Wednesday evening meeting.

The program next week will consist of special music, testimonies and gospel sermons illustrated by stereopticon views. The young people are greatly interested in the coming meeting and expect that as a result of the work many will be added to the church. While the revival will be conducted by the young people, the older members of the various churches are requested to attend.

### GOVERNOR WALSH.

Massachusetts Executive Who Refuses to Allow His Salary to Be Raised.

## REMOVAL OF FENCE

### AROUND COURT HOUSE IMPROVING THE APPEARANCE.

## THE FENCE COST $1,300

**One Business Man Suggests That Hitch Rack Around Square Be Removed to Other Places.**

The old iron fence that is being taken down around the court house yard this week improves the appearance greatly of the yard. The fence was put up May 4, 1887, by the Hanika Iron Fence company of Springfield, O., and cost $1,035.15. The freight and the cost of putting it up amounted to $259.40, the freight alone amounting to $141. The entire cost was in the neighborhood of $1,300. The county court at that time was composed of R. K. Townsend, E. W. Bishop and E. Fast.

The fence was sold last week to W. M. Oakerson and Joseph Jackson, Sr.

One business man in talking today said that the hitch racks should be taken down around the square. He suggested that many places could be found where the hitch racks could be put that would be nearly as convenient as they are around the square. One of the places was the old Third street lumber yard. The hitch racks, as they are now, are very unsightly and unsanitary.

There has been some talk for years of taking down the hitch racks, but no action has ever been taken. In many other towns in this section the hitch rack, have been removed from around the public square.

**Why You Should Buy at Home.**

Because my interests are here.

Because the community that is good enough for me to live in is good enough for me to buy in.

Because I believe in transacting business with my friends.

Because I want to see the goods.

Because I want to get what I buy when I pay for it.

Because every dollar I spend at home stays at home and works for the welfare of this town.

Because the man I buy from stands back of the goods.

Because I sell what I produce here at home.

Because the man I buy from pays his part of the town, county and state taxes.

Because the man I buy from gives value received always.

**Because the man I buy from helps** support my school, my church, my lodge, my home.

Because when ill-luck, misfortune or bereavement comes, the man I buy from is here with his kindly greeting, his word of cheer, and his pocketbook, if need be.

I buy at home, do you?—Exchange.

## Communication

**For a County Fair.**

Barnard, Mo.—Editor Democrat-Forum: We are in receipt of a letter from J. F. Roelofson, requesting us to write the Maryville papers setting forth the reasons why we favor Nodaway county having a fair. We are glad to have the opportunity to voice our approval. This certainly is a step in the right direction, and we believe that Nodaway could do nothing that would further her interests more than having a good high class fair. We believe the time is at hand, that most every one will approve and support a good county fair, and why not? Where is the county that has better land, live stock, schools, and most everything else. It is educational and is to the interest of every one, it matters not his calling. It incites a keener interest in the growing of crops and live stock. It teaches how to feed and prepare them for the show ring. County fairs are feeders for the state fairs, and Nodaway county is deserving and should be better represented at our great state fair.

We frequently are asked by our fellow breeders, "Why does not Maryville organize and hold an annual fair?" A county within whose borders are such great cattle breeders as the Bellowses, known the world over; Omer Catterson, the Caldwells of Burlington Junction, William Hutcheson and Hugh Whiteford; swine breeders such as F. P. Robinson, the Garretts, E. E. Carver and others; horse men like J. F. Roelofson, J. L. Scott, A. Carr, I. C. Roelofson, Wilson Bros., and plenty of other prominent breeders of all classes of live stock. It might be of interest to some to know there were eighteen one-thousand-dollar stakes given at different places alone for saddle horses last year. One $1,500 saddle stake was given at Mexico, Mo., and $2,900 was given in one class for saddle horses at Sedalia. They are all going to have them again this year, and Sedalia is going to make a $3,000 saddle stake. Stakes that were $500 and under are too numerous to mention. Other premiums were equally as liberal in their respective classes.

We see no reason why Maryville cannot have one of the leading county fairs of the state.

Respectfully,
DYSART BROS.

**Maryville Should Have Fair.**

Maryville is agitating an old fashioned fair and they ought to get it. Who wouldn't want to visit one, especially one where cider and ginger bread and pumpkins and rosy cheeked girls and squashes and pretty babies were in abundance, and the bob-tailed race horse and the trotter get in their work? By all means.—Stanberry Herald.

### FRED HULL OF TRIBUNE IS IN CRITICAL CONDITION.

## HE HAS APPENDICITIS

**Taken Sick at Office Wednesday Afternoon, Suffering Internally All Night.**

Mr. Hull was taken from the operating table this afternoon at 3:50 o'clock, having been under the knife for two hours. His physicians say he is in fairly good shape for having gone through such an ordeal.

Fred Hull, proprietor and editor of the Tribune, was taken to St. Francis hospital this Thursday morning and was operated on at 2 o'clock this afternoon for appendicitis. He is in a critical condition.

Mr. Hull was at his office Wednesday, and in the afternoon while at work took sick. He was taken to his home at once and suffered intensely all night, a physician staying with him. He has been complaining some about not feeling well, but has been able to attend to his work at the office.

Fred Harrison, son of Cliff M. Harrison of the Gallatin North Missourian, will arrive this evening and do the reporting for the Tribune. He was formerly connected with the St. Joseph News-Press and is a bright young newspaper man.

The many friends of Mr. Hull throughout the city and county will hear of his illness with deep regret. He is not alone a good newspaper man, but he is a good, clean every-day man in his home, among his business associates, everywhere you find him. We hope to have cheering news of his condition tomorrow.

### SNOWDROPS IN BLOOM.

**Jefferson Ward School Has First Flowers of Season—Patrons Had Bulbs Put In Last Fall.**

The flower bed at the Jefferson ward school began to bloom Monday, March 9, with snowdrops. They bear the first outdoor flowers of the season here, we guess. The patrons of the school invested $4 in bulbs last fall and had Florist Engelmann send for them, and Mr. W. X. Smith, who takes care of the school house and yard, prepared the flower bed. The children have been watching eagerly these warm days for the first flower, and on Monday were rewarded by the sight of the first white flower that was brave enough to venture to bloom. There was a whole row around the bed Wednesday, the daintiest, sweetest things in the world, they seemed, with not a green blade of anything to welcome them.

The crocuses will be the next to come, for they are pushing their way rapidly and do not want to be very far behind the snowdrops.

This flower bed will be mighty fine and fine and gay some day soon, for it has hyacinths, jonquils, daffodils, crocuses, tulips and snowdrops to put forth.

**Will Have a Deestrict Skule.**

## WE HAVE FAITH IN THIS STOMACH REMEDY

A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this.

They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money.

Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and $1.00.

We have many difficult cases of eye troubles to deal with—optical defects—that only glasses will relieve. You may have had other glasses that did not suit you, and been thoroughly disgusted with them, but that is no reason why you shouldn't take time to get glasses that are worth while. Not any glasses, but ones that are exactly suited to your eyes. Our examinations are thorough and accurate. When will you call?

## TAKES OFF DANDRUFF HAIR STOPS FALLING

**Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.**

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

**Caught Hand in Buzz Saw.**

Ed Northover, living a mile south of Hopkins, met with a painful accident Wednesday afternoon while operating a buzz saw. The saw cut half through his entire right hand and half through the left and at the lower part of his thumb. Drs. Sargent and Kirk dressed his wounds. They do not think he will lose the use of his hands, but he will be crippled for some time.

**Have $1,300 On Hand.**

**IF CONSTIPATED OR BILIOUS "CASCARETS"**

**For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They Work While You Sleep.**

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food, and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

# FOOD SUPPLIES ARE SHUT OFF

## Kelley's Idle Army Fades Away in Grip of Famine.

## RURAL DISTRICTS UP IN ARMS

More Than Half of Original Fifteen Hundred Have Deserted and Remainder Are Growing Restless—Situation Is Still Grave.

Sacramento, Cal., March 12.—The result of the drastic action of Sacramento county in shutting off the food supply of "General" Kelley's jobless army, temporarily detained on its march toward Washington, became apparent at once. Men began leaving the camp singly and in groups, and the army, which had numbered 1,500, has been reduced to about 600 men, whose leaders were finding it difficult to hold them in hand.

The hegira is proving disastrous to the rural districts of Yolo county, which is overrun by hundreds of hungry men, who appear at orchard farms and enforce with threats their demands for food. Perhaps half the male population of the county was on duty in the role of special guards for the protection of homes and property.

While the shutting off of food is in a measure solving the problem that has confronted California communities for the last four months, the situation with regard to the several hundred irreconcilliables bent upon marching on the national capital regardless of all obstacles is desperately involved. Sacramento will not permit them to pass through this city. A half dozen surrounding counties have served official notice that they will meet with armed force any attempt to send the unemployed forces across their lines.

Plans to ship the jobless in small groups and scattering them beyond hope of reorganization fell flat when the railroad companies refused to carry them. There is a state law forbidding the transportation of undesirable citizens from one county to another.

**Will Shoot Them Down.**

Martine, Cal., March 12.—"We will shoot down in rows the members of the idle army before we will allow them to land in this county again. I am justified in giving such an order because the threats made by the members of the 'army' in Sacramento marks them as a dangerous element. I have a right to protect this county against them, and I shall do so even if it necessitates bloodshed."

This is the statement made by Sheriff R. R. Beale of Contra Costa county, who swore in 300 extra deputies, whom he provided with arms and ammunition.

## MOYER URGES REFERENDUM

Federation Will Sanction Return to Work If Miners Willing.

Chicago, March 12.—President Moyer of the Western Federation of Miners said he would sanction the calling off of the copper miners' strike if the men themselves wanted to do it. He recommended a referendum vote to determine whether the strikers desired to waive their demand for recognition of the union, to surrender their union cards and return to work.

The men could make their own individual terms with the mining companies, said Moyer. As far as the Western Federation was concerned, he asserted the organization was willing to accept the changes in working conditions which the companies have made since the strike and would be content to have the strikers return to work with the understanding that they could do so without prejudice.

Moyer said he wished to make it plain, however, that the men on strike could take any action they desired without interference from the federation.

## CONDITIONS ARE SHOCKING

Committee to Make Drastic Recommendations to Congress.

Washington, March 12.—Chairman Foster of the house mines committee, which investigated the Colorado coal mine strike, received the following telegram from officers of the United Mine Workers' union in Colorado:

"Twenty-three militiamen, under orders of Adjutant General John Chase, demolished strikers' tent colony at Forbes, Colo. Men, women and children are homeless in a blinding snow storm. Inhabitants of the upper tent colony ordered by militiamen to leave their homes within forty-eight hours or be deported."

Mr. Foster said the committee had been shocked by conditions in the strike area and stood ready to make drastic recommendations to congress as soon as it could assemble its data.

**Thirteen Balloons to Start in Race.**

New York, March 12.—Thirteen balloons are to race from Kansas City on Oct. 6 next for the Coupe Internationale des Aeronautics, counting an additional entry just received by the Aero Club of America from Belgium. The challengers for the international trophy are France and Germany, with three balloons each, and Belgium and Austria, with two each. America will defend with three balloons—the full number permitted under the rules of the contest.

## Deafness Cannot Be Cured

r local applicat ns, as they cannot reach the iseased portion of the ear. There is only one ay to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## THREATEN TO LYNCH FOUR

**Mob Seeks Life of Men Accused of Assaulting Woman.**

Kansas City, March 12.—Several hundred persons threatened to lynch the four young men identified by Mrs. Gertrude Shidler as members of the band of six who lured her to a room and brutally attacked her.

A detachment of police started to take the four prisoners before the county prosecutor. The crowd surged so close that the officers could not pass through. A man lunged at one of the prisoners and was felled by a blow from a policeman's club. By this time the crowd had become so menacing that the prisoners were rushed back into the police station.

The prisoners were taken to the prosecutor's office later under heavy guard and formally charged with a statutory offense, punishable in Missouri by hanging.

The prisoners are Victor Gueringer, twenty-six years old, one of the owners of the resort; L. V. Brennan, an insurance agent, twenty-four years old; Thomas L. Kinevan, a solicitor, twenty-five years old, and Oscar Harrison, twenty-four years old, a plumber's helper.

All were held without bond. The resort was closed by the police.

### Preacher Shoots Inspector.

Seattle, Wash., March 12.—Leslie H. Howe, city health inspector, while serving a warrant on Rev. Robert F. Butterworth, a preacher of the Reorganized Church of Latter Day Saints, was shot and seriously wounded. After the shooting the pastor barricaded himself in his house, from which the health department had sought to oust him because of its alleged unsanitary condition, and a squad of police was sent to arrest him. Two policemen entered the house and overcame Butterworth after a hard tussle.

## Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

**The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.**

LLOYD CONDOR ARRESTED FOR STEALING TEAM OF HORSES.

## ADMITTED TAKING THEM

From H. K. Russell of Near Bedford—Was Taken to That Place by Sheriff Morley Today.

Sheriff Ed Wallace arrested at the Ream hotel Wednesday evening Lloyd Condor of Bedford, Ia., who is wanted at that place on a charge of stealing a team from H. K. Russell, ten miles southeast of Bedford, and a buggy and harness from Fred Bowness of near Athelstan, Ia. Sheriff Morley of Bedford notified Wallace that a team had been stolen, and gave a description of the team. Sheriff Wallace located the team at the Star barn on Wednesday and from the description he secured of the man, he located him at the Ream hotel.

Condor is about 21 years, and admitted Thursday in the presence of several that he took the team on Tuesday evening. He drove to Maryville during the night, arriving here at 7 o'clock in the morning. This is his first trouble, it is said, but he does not bear a good name at Bedford.

Sheriff Morley of Bedford and H. K. Russell came to Maryville Thursday morning. Condor was taken to Bedford by Morley on the noon Burlington train today.

### REVIVAL BY YOUNG PEOPLE.

At Buchanan Street Methodist Church—Two Gospel Teams Have Been Organized.

Something unusual is being undertaken by the young people of the Buchanan Street Methodist church. It is a revival conducted by young people. They will not employ an evangelist or singer, but will provide their own speakers and choir leader. They will depend for success principally upon personal work. Two gospel teams have been organized, one consisting of twelve men and the other of twelve women. The members of these two teams have pledged themselves to testify, pray in public and do personal work. A number of young converts are on the gospel teams whose zeal is marked. They will be assisted by some of the more experienced Christians among the young people of the church.

The service will begin next Sunday evening and continue for one week at least. By way of preparation for the evangelistic services, a prayer meeting was held Tuesday evening in the church. It was well attended and the power of the Holy Spirit was present in an unusual degree. Another prayer meeting was held Wednesday evening and took the place of the regular Wednesday evening meeting.

The program next week will consist of special music, testimonies and gospel sermons illustrated by stereopticon views. The young people are greatly interested in the coming meeting and expect that as a result of the work many will be added to the church. While the revival will be conducted by the young people, the older members of the various churches are requested to attend.

## GOVERNOR WALSH.

Massachusetts Executive Who Refuses to Allow His Salary to Be Raised.

## REMOVAL OF FENCE

AROUND COURT HOUSE IMPROVING THE APPEARANCE.

## THE FENCE COST $1,300

One Business Man Suggests That Hitch Rack Around Square Be Removed to Other Places.

The old iron fence that is being taken down around the court house yard this week improves the appearance greatly of the yard. The fence was put up May 4, 1887, by the Hanika Iron Fence company of Springfield, O., and cost $1,035.15. The freight and the cost of putting it up amounted to $259.40, the freight alone amounting to $141. The entire cost was in the neighborhood of $1,300. The county court at that time was composed of R. K. Townsend, E. W. Bishop and E. Fast.

The fence was sold last week to W. M. Oakerson and Joseph Jackson, Sr.

One business man in talking today said that the hitch racks should be taken down around the square. He suggested that many places could be found where the hitch racks could be put that would be nearly as convenient as they are around the square. One of the places was the old Third street lumber yard. The hitch racks, as they are now, are very unsightly and unsanitary.

There has been some talk for years of taking down the hitch racks, but no action has ever been taken. In many other towns in this section the hitch rack, have been removed from around the public square.

### Why You Should Buy at Home.

Because my interests are here.

Because the community that is good enough for me to live in is good enough for me to buy in.

Because I believe in transacting business with my friends.

Because I want to see the goods.

Because I want to get what I buy when I pay for it.

Because every dollar I spend at home stays at home and works for the welfare of this town.

Because the man I buy from stands back of the goods.

Because I sell what I produce here at home.

Because the man I buy from pays his part of the town, county and state taxes.

Because the man I buy from gives value received always.

**Because the man I buy from helps** support my school, my church, my lodge, my home.

Because when ill-luck, misfortune or bereavement comes, the man I buy from is here with his kindly greeting, his word of cheer, and his pocketbook, if need be.

I buy at home, do you?—Exchange.

## Communication

### For a County Fair.

Barnard, Mo.—Editor Democrat-Forum: We are in receipt of a letter from J. F. Roelofson, requesting us to write the Maryville papers setting forth the reasons why we favor Nodaway county having a fair. We are glad to have the opportunity to voice our approval. This certainly is a step in the right direction, and we believe that Nodaway could do nothing that would further her interests more than having a good high class fair. We believe the time is at hand, that most every one will approve and support a good county fair, and why not? Where is the county that has better land, live stock, schools, and most everything else. It is educational and is to the interest of every one, it matters not his calling. It incites a keener interest in the growing of crops and live stock. It teaches how to feed and prepare them for the show ring. County fairs are feeders for the state fairs, and Nodaway county is deserving and should be better represented at our great state fair.

We frequently are asked by our fellow breeders, "Why does not Maryville organize and hold an annual fair?" A county within whose borders are such great cattle breeders as the Bellowses, known the world over; Omer Catterson, the Caldwells of Burlington Junction, William Hutcheson and Hugh Whiteford; swine breeders such as F. P. Robinson, the Garretts, E. E. Carver and others; horse men like J. F. Roelofson, J. L. Scott, A. Carr, I. C. Roelofson, Wilson Bros., and plenty of other prominent breeders of all classes of live stock. It might be of interest to some to know there were eighteen one-thousand-dollar stakes given at different places alone for saddle horses last year. One $1,500 saddle stake was given at Mexico, Mo., and $2,900 was given in one class for saddle horses at Sedalia. They are all going to have them again this year, and Sedalia is going to make a $3,000 saddle stake. Stakes that were $500 and under are too numerous to mention. Other premiums were equally as liberal in their respective classes.

We see no reason why Maryville cannot have one of the leading county fairs of the state.

Respectfully,
DYSART BROS.

### Maryville Should Have Fair.

Maryville is agitating an old fashioned fair and they ought to get it. Who wouldn't want to visit one, especially one where cider and ginger bread and pumpkins and rosy cheeked girls and squashes and pretty babies were in abundance, and the bob-tailed race horse and the trotter get in their work? By all means.—Stanberry Herald.

REV. R. L. FINCH INVITES THOSE OF OTHER CHURCHES.

## TO CHRISTIAN CHURCH

Thursday Evening, March 19, to Hear Dr. Charles A. Finch of Topeka, Kan., His Brother.

The First Christian Church Brotherhood of this city, led by its pastor, Rev. Robert L. Finch, has invited the other brotherhoods of the various churches to meet in a union service at the First Christian church Thursday evening, March 19. This is for the purpose of cementing a bond of friendship between the brotherhoods, that they may learn the power of their manhood.

Dr. Charles A. Finch of Topeka, Kan., a brother of the Maryville minister, for thirteen years pastor of the First Christian church of Topeka, will be the speaker of the evening. His subject will be "The Measure of a man."

On that evening there will be a demonstration of the Christian manhood of Maryville. Headed by Maulding's band, the brotherhoods of the various churches will march in procession to the church that evening. There will be a men's choir and an orchestra of men.

The plans are under way for the greatest meeting of men that has been held in Maryville. The detailed program will be given later.

## WAS OPERATED ON

FRED HULL OF TRIBUNE IS IN CRITICAL CONDITION.

## HE HAS APPENDICITIS

Taken Sick at Office Wednesday Afternoon, Suffering Internally All Night.

Mr. Hull was taken from the operating table this afternoon at 3:50 o'clock, having been under the knife for two hours. His physicians say he is in fairly good shape for having gone through such an ordeal.

Fred Hull, proprietor and editor of the Tribune, was taken to St. Francis hospital this Thursday morning and was operated on at 2 o'clock this afternoon for appendicitis. He is in a critical condition.

Mr. Hull was at his office Wednesday, and in the afternoon while at work took sick. He was taken to his home at once and suffered intensely all night, a physician staying with him. He has been complaining some about not feeling well, but has been able to attend to his work at the office.

Fred Harrison, son of Cliff M. Harrison of the Gallatin North Missourian, will arrive this evening and do the reporting for the Tribune. He was formerly connected with the St. Joseph News-Press and is a bright young newspaper man.

The many friends of Mr. Hull throughout the city and county will hear of his illness with deep regret. He is not alone a good newspaper man, but he is a good, clean every-day man in his home, among his business associates, everywhere you find him. We hope to have cheering news of his condition tomorrow.

### SNOWDROPS IN BLOOM.

Jefferson Ward School Has First Flowers of Season—Patrons Had Bulbs Put in Last Fall.

The flower bed at the Jefferson ward school began to bloom Monday, March 9, with snowdrops. They bear the first outdoor flowers of the season here, we guess. The patrons of the school invested $4 in bulbs last fall and had Florist Engelmann send for them, and Mr. W. X. Smith, who takes care of the school house and yard, prepared the flower bed. The children have been watching eagerly these warm days for the first flower, and on Monday were rewarded by the sight of the first white flower that was brave enough to venture to bloom. There was a whole row around the bed Wednesday, the daintiest, sweetest things in the world, they seemed, with not a green blade of anything to welcome them.

The crocuses will be the next to come, for they are pushing their way rapidly and do not want to be very far behind the snowdrops.

This flower bed will be mighty fine and fine and gay some day soon, for it has hyacinths, jonquils, daffodils, crocuses, tulips and snowdrops to put forth.

### Will Have a Deestrict Skule.

An old fashioned district school and social will be given at the Christian church Thursday evening by the Christian Endeavor society. The program will consist of plays, songs and recitations, a regular Friday afternoon program. At recess time luncheon will be enjoyed from dinner pails. Admission, one penny for each letter in your name. Everybody invited to come and have a good time.

**WE HAVE FAITH IN THIS STOMACH REMEDY**

A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this.

They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money.

Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and $1.00.

**TAKES OFF DANDRUFF HAIR STOPS FALLING**

**Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.**

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

# FOOD SUPPLIES ARE SHUT OFF

## Kelley's Idle Army Fades Away in Grip of Famine.

## RURAL DISTRICTS UP IN ARMS

More Than Half of Original Fifteen Hundred Have Deserted and Remainder Are Growing Restless—Situation Is Still Grave.

Sacramento, Cal., March 12.—The result of the drastic action of Sacramento county in shutting off the food supply of "General" Kelley's jobless army, temporarily detained on its march toward Washington, became apparent at once. Men began leaving the camp singly and in groups, and the army, which had numbered 1,500, has been reduced to about 600 men, whose leaders were finding it difficult to hold them in hand.

The hegira is proving disastrous to the rural districts of Yolo county, which is overrun by hundreds of hungry men, who appear at orchard farms and enforce with threats their demands for food. Perhaps half the male population of the county was on duty in the role of special guards for the protection of homes and property.

While the shutting off of food is in a measure solving the problem that has confronted California communities for the last four months, the situation with regard to the several hundred irreconcilables bent upon marching on the national capital regardless of all obstacles is desperately involved. Sacramento will not permit them to pass through this city. A half dozen surrounding counties have served official notice that they will meet with armed force any attempt to send the unemployed forces across their lines.

Plans to ship the jobless in small groups and scattering them beyond hope of reorganization fell flat when the railroad companies refused to carry them. There is a state law forbidding the transportation of undesirable citizens from one county to another.

**Will Shoot Them Down.**

Martine, Cal., March 12.—"We will shoot down in rows the members of the idle army before we will allow them to land in this county again. I am justified in giving such an order because the threats made by the members of the 'army' in Sacramento marks them as a dangerous element. I have a right to protect this county against them, and I shall do so even if it necessitates bloodshed."

This is the statement made by Sheriff R. R. Beale of Contra Costa county, who swore in 300 extra deputies, whom he provided with arms and ammunition.

## MOYER URGES REFERENDUM

Federation Will Sanction Return to Work If Miners Willing.

Chicago, March 12.—President Moyer of the Western Federation of Miners said he would sanction the calling off of the copper miners' strike if the men themselves wanted to do it. He recommended a referendum vote to determine whether the strikers desired to waive their demand for recognition of the union, to surrender their union cards and return to work.

The men could make their own individual terms with the mining companies, said Moyer. As far as the Western Federation was concerned, he asserted the organization was willing to accept the changes in working conditions which the companies have made since the strike and would be content to have the strikers return to work with the understanding that they could do so without prejudice.

Moyer said he wished to make it plain, however, that the men on strike could take any action they desired without interference from the federation.

## CONDITIONS ARE SHOCKING

Committee to Make Drastic Recommendations to Congress.

Washington, March 12.—Chairman Foster of the house mines committee, which investigated the Colorado coal mine strike, received the following telegram from officers of the United Mine Workers' union in Colorado:

"Twenty-three militiamen, under orders of Adjutant General John Chase, demolished strikers' tent colony at Forbes, Colo. Men, women and children are homeless in a blinding snow storm. Inhabitants of the upper tent colony ordered by militiamen to leave their homes within forty-eight hours or be deported."

Mr. Foster said the committee had been shocked by conditions in the strike area and stood ready to make drastic recommendations to congress as soon as it could assemble its data.

**Thirteen Balloons to Start in Race.**

New York, March 12.—Thirteen balloons are to race from Kansas City on Oct. 6 next for the Coupe Internationale des Aeronautics, counting an additional entry just received by the Aero Club of America from Belgium. The challengers for the international trophy are France and Germany, with three balloons each, and Belgium and Austria, with two each. America will defend with three balloons—the full number permitted under the rules of the contest.

r local applications, as they cannot reach the iseased portion of the ear. There is only one ay to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## THREATEN TO LYNCH FOUR

**Mob Seeks Life of Men Accused of Assaulting Woman.**

Kansas City, March 12.—Several hundred persons threatened to lynch the four young men identified by Mrs. Gertrude Shidler as members of the band of six who lured her to a room and brutally attacked her.

A detachment of police started to take the four prisoners before the county prosecutor. The crowd surged so close that the officers could not pass through. A man lunged at one of the prisoners and was felled by a blow from a policeman's club. By this time the crowd had become so menacing that the prisoners were rushed back into the police station.

The prisoners were taken to the prosecutor's office later under heavy guard and formally charged with a statutory offense, punishable in Missouri by hanging.

The prisoners are Victor Gueringer, twenty-six years old, one of the owners of the resort; L. V. Brennan, an insurance agent, twenty-four years old; Thomas L. Kinevan, a solicitor, twenty-five years old, and Oscar Harrison, twenty-four years old, a plumber's helper.

All were held without bond. The resort was closed by the police.

### Preacher Shoots Inspector.

Seattle, Wash., March 12.—Leslie H. Howe, city health inspector, while serving a warrant on Rev. Robert F. Butterworth, a preacher of the Reorganized Church of Latter Day Saints, was shot and seriously wounded. After the shooting the pastor barricaded himself in his house, from which the health department had sought to oust him because of its alleged unsanitary condition, and a squad of police was sent to arrest him. Two policemen entered the house and overcame Butterworth after a hard tussle.

## Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

**The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.**
